### Introduction

In this adverbs of degree activity, students practice responding to 'How...?' questions with adverbs of degree.

### Procedure

Divide the students into pairs (Student A and B) and give each student a corresponding worksheet.

First, students write a set of 'How...?' questions with the adjectives shown on the worksheet using a different noun in each question.

Next, students take it in turns to ask the questions to a partner.

Their partner answers each question in sentence form using an adverb of degree, and the student writes the response down on the worksheet.

Finally, students share what they found out with the class.
