Introduction

In this adverbs of degree game, students practice the adverbs of degree: *very*, *so*, *really* and *quite*.

Procedure

Divide the students into pairs (Student A and B).

Give each student a corresponding part of the worksheet.

Tell the students not to show their worksheet to their partner.

Working alone, students read sentences that contain adverbs of degree and decide if they are true or false for their partner, putting a tick accordingly.

Next, students take turns reading the sentences to their partner, who tells them if they are true or false.

Students score one point for each correct guess.

The student with the most correct guesses wins the game.
