Introduction

In this fun clothes vocabulary game, students match words to pictures of clothes and accessories.

Procedure

Divide the students into pairs.

Give each pair a copy of the worksheet and a set of vocabulary cards. Each student should also have a different coloured pen for writing.

Ask the students to shuffle the cards and place them face down in a pile on the desk.

Tell the students that they are going to play a game where they match clothes and accessory vocabulary to pictures and that for each correct match students win a point.

Students then take it in turns to pick up a card and write the word on the card under the corresponding picture on the worksheet.

If a student sees that their partner has written the wrong word under a picture, they should not tell them as they are competing to get the highest score.

Students can write more than one word under each picture, but only one will be correct.

When the students have completed the worksheet, check the answers with the class. Students score one point for each word they placed correctly and lose one point for each word that is under the wrong picture.

The student with the highest score at the end of the game wins.
