## Introduction

This clothes and accessories board game helps students practice vocabulary related to clothes, fashion and accessories.

## Procedure

Divide the students into groups of three or four.

Give each group a copy of the game board, a set of cards, a dice, and counters.

Allocate one student in each group to keep the time.

Ask the students to shuffle the cards and place them face-down in a pile on the table.

Players begin by placing their counters on the start square.

Players then take turns rolling the dice and moving their counter along the board.

If a player lands on a 'Name two' square, they have ten seconds to name two items for the clothes-related category on the square.

If they are unsuccessful, they move their counter back two spaces.

If a player lands on a blank square, another student picks up a card and reads out the sentence using the word 'blank' for the missing clothes-related word, e.g. 'I am wearing a BLANK on my head.'

The player then has ten seconds to choose a clothes-related word from the word bank on the game board and say it aloud to complete the sentence, e.g. hat.

If the player gives the correct answer, they stay on the square. If not, they move back two spaces.

The card is then placed at the bottom of the pile, and it's the next player's turn to roll the dice.

The first player to reach the finish wins the game.

Note: There are a few extra clothes words in the word bank to make the game more challenging.
