## Introduction

This hangman game is useful for practicing parts of speech, sentence structure and grammar.

## Procedure

Divide the students into two or more teams.

Draw a line for each letter in the sentence, separating the words with a slash.

Example: The capital of England is London.

\_ \_ \_ / \_ \_ \_ \_ \_ \_ / \_ \_ / \_ \_ \_ \_ \_ \_ / \_ \_ / \_ \_ \_ \_ \_

The teams take it in turns to guess either individual letters or complete words.

If a team correctly guesses a letter, they score a point for each occurrence of the letter in the complete sentence.

Example: A team guesses the letter N. They score 4 points.

\_ \_ \_ / \_ \_ \_ \_ \_ \_ / \_ \_ / \_ n \_ \_ \_ n \_ / \_ \_ / \_ \_ n \_ \_ n

If a team correctly guesses a word, they score the total number of letters in the word. This includes any previously entered letters.

Example: A team guesses the word England, scoring 7 points.

\_ \_ \_ / \_ \_ \_ \_ \_ \_ / \_ \_ / E n g l a n d / \_ \_ / \_ \_ n \_ \_ n

When a team correctly guesses a letter or word, they have another turn.

If a letter or word isn't in the sentence, play passes to the next team.

Play several rounds. The team with the most points at the end of the game wins.
