Introduction

In this clothes vocabulary game, students brainstorm clothes-related vocabulary belonging to different categories.

Procedure

Divide the students into pairs.

Give each pair a copy of the worksheet.

Set a 10-minute time limit and tell the students to work with their partner to brainstorm and write down clothes-related vocabulary belonging to the categories shown on the worksheet.

When the time limit has been reached, ask the pairs to swap their worksheet with another pair for marking.

Elicit the answers to the questions from the students.

Pairs score one point for each correct answer. To score a point, students must be able to supply the correct number of answers.
